

WASTE MANAGEMENT

Thank you for choosing JMB Waste Management to handle your bin service. Generally, we haul waste from the Bow Valley to the Francis Cooke Landfill in Exshaw. They are classified as a "dry waste" Class 3 Landfill and cannot accept materials which are listed below:

- Paint, oil or any liquid, hazardous or chemical waste
- Food waste
- Creosote and/or Pressure Treated wood- please keep separate or call for more information
- Batteries
- Electronics/computers/TVs
- Fluorescent bulbs/ Ballasts

If you have any of these items please call in advance to arrange the correct disposal.

If any of the above materials are left on site at the landfill, an Illegal Materials fine of at least \$100 per item will be levied by the Francis Cooke Regional Landfill.

Please note that each load is inspected by the Francis Cooke staff at the time it is emptied at the landfill and the landfill will classify the load.

The Francis Cooke Regional Landfill is not only just a landfill, but also a resource recovery centre and has been recognized as the leader in waste diversion and recycling in Alberta.

They have attained this status by invoking a system of monetary incentives which has you separate your recyclable material at the source and then bring them to the landfill to be placed in material specific areas.

They also enforce a zero-tolerance policy for loose litter and ask that all loose litter be bagged prior to arriving at the landfill. Loose litter loads may either be assessed a fine or turned away.

Recyclable materials include:

(Incentive rates only apply if loads are one specific material)

- Drywall
- Asphalt shingles
- Metal and appliances
- Rubber tires
- White kiln dried wood
- Concrete and asphalt

Weight Restrictions: Alberta traffic laws dictate that our waste bins must be tarped, only load bins to the top rail.

Our maximum load weight is 5 tonnes.

Concrete loads must not exceed the yellow line or 20" spread across the bottom of the bin.

Please feel free to contact us if you have any questions at all. Visit our website at www.jmbwaste.ca or call us at 403-762-2162.

For additional information with regards to the Francis Cooke Regional Class 3 Landfill or recycling programs visit the Bow Valley Waste Management Commission web site at www.bvwaste.ca
